KANBAR HALL GENERAL FACILITY OVERVIEW

GENERAL FACILITY

- The JCCSF was completed in January 2004 including Kanbar Hall. The theater is fully air conditioned and heated. It is a convertible room- banquet to theatre. Most of the seating is on a retractable riser containing 392 seats. Additional rows can be added bringing the total to 468.
- We are a non-IATSE union house operating with a professional staff and local professional over-hire crew. Lighting, sound control and projection are located at the back of the house in a control booth behind glass which can be opened. Audio mix position is located at the back of the house, centered in Row U.
- Wheelchair accessible private dressing room with two restrooms, comfortable for up to ten people, small sitting/greeting area, makeup tables with lights, show audio and video monitors, intercom, storage lockers.
- Control Room (booth) is located at the back of the house
- Loading Dock is located on Presidio Avenue. All material must fit through two inline sets of double doors (7'6"h) onto stage with a 90° bend from the loading dock (street to stage=54 feet)
- Fly Space:
 - There is no fly space, the stage is dead hung. No battens are motorized or "droppable."

GREEN ROOM / DRESSING ROOM

- The Center has **one** green room / dressing room which can be found directly behind the stage. The room can comfortably accommodate up to ten people and features a chorus make-up and dressing area with a bathroom, a "star" room with private bathroom and a sitting area. The room is carpeted with in-room heating and air conditioning control. The room also has lockable storage lockers for valuables, hanging space, an iron and ironing board and a steamer.
- There are no showers in the room but showers are available in the locker rooms of the Fitness Club.
- The room has an audio monitor from the Kanbar Hall sound console as well as a ClearCom station.
